Wednesday Prayer and Share Topic:

Inclusive Church Community
October 29, 2025

Questions to consider:

- What helps a congregation serve the community?
- How does the concept of membership align with service to the community?
- What did Jesus teach about segregating people into members and nonmembers?
- What do you think about serving the community with people who have opposing beliefs?
- What would happen if participation in church was less structured and more inclusive?
- Do you have any healings or inspiration to share?
